We are sure you have several questions to ask

The FAQs below should answer most of them.

We cherish our association with Srikriti. If educators wish to push their boundaries of learning, seek someone to provoke their thinking and trigger reflection, get guided in research backed teaching practices, Srikriti is the right place for them! Educators from VidyaShilp Academy hugely benefited from the programme, especially support received from Ms Mallika Mani and her great team. Their tireless attempts to help teachers realise their optimum potential enabled several distinctions and more importantly a spurt in self-esteem and confidence.

What does Cambridge Say?

What is most impressive is the work the Centre has done to facilitate the candidates' professional development during this pandemic crisis. Using a great deal of imagination as well as experience, systems have been put in place to support blended on-line learning that many other institutions could learn from

Head Examiner, PDQ, Cambridge

In teacher training Srikriti truly walks the talk! The faculty model what we are expected to do with our learners.

That's what I believe helped me change. Srikriti insists we take responsibility for our learning and though we are not amused when they do, it has helped our entire team learn to learn.
